

SHARED ROOTS

Connect with food and gardening
in your community

JOIN SHARED ROOTS

Shared Roots encourages District residents to grow food by connecting them to new food-growing opportunities while caring for and building community in the garden.

BECOME A MEMBER TODAY!
¡HAZTE MIEMBRO HOY!

A **Member** is a District resident interested in growing food and caring for a garden site. The member application is now open until April 29. Applicants can expect to be matched with a gardening site by May 7. Each year there are more members than available spots at sites. There is no guarantee that members will be matched with a site.

Shared Roots Members must:

- Attend an online training with OSSE and DPR staff
- Attend an in-person training with the site coordinator
- Sign a District government waiver
- Grow food (to take home)
- Care for a garden site
